

Pre-conference Talk 02

Part I

Overview of Boron Organometallic Chemistry:

Versatile Organic Synthesis Tools for Preparing Inorganic Polymers and Photo-responsive Smart Materials

Part II

Overview of the French Higher Education and Research System:

Essentials for Scholarships, Funding and International Collaborations

Gilles Alcaraz (PhD)

Research Director, Director of the CNRS office in India
Institut Français en Inde / Embassy of France in India

Expertise: Boron Organometallic Chemistry, International Cooperation, Research Strategy and Scientific Partnerships

DATE

14th July 2026 (Tuesday)

TIME

3.00 PM - 4.00 PM

VENUE

Conference Hall
Postgraduate Institute of Science (PGIS)
University of Peradeniya

Join us to learn about opportunities for collaboration, mobility and research partnerships with CNRS.
